المنظمة الخليجية للبحث والتطوير
GULF ORGANISATION FOR RESEARCH & DEVELOPMENT

Qatar's First ISSB Training Partner,
officially delivering:

ISSB Disclosure Training

ESG Reporting with IFRS S1 and IFRS S2

23-25 NOV 2026

8:00 AM – 1:00 PM (GMT+3)

QSTP, Tech 2, Room 202, Doha

Fees: **USD 1950** | Language: **English**

COURSE DESCRIPTION

Sustainability reporting is quickly becoming as important as financial reporting, and the IFRS Sustainability Disclosure Standards are becoming the global benchmark for it. Issued by the International Sustainability Standards Board (ISSB), with IFRS S1 and IFRS S2 at their core, they are already on the path to adoption in forty jurisdictions.

The Gulf Organisation for Research and Development (GORD), **the first Qatar-based official Training Partner for ISSB Disclosure Training,** will deliver the **ISSB Disclosure Training: ESG Reporting with IFRS Sustainability Disclosure Standards.**

In Doha on 2-4 November 2026. The course follows the curriculum developed by the IFRS Foundation, the body behind the Standards, and is taught by GORD trainers who have completed the IFRS Foundation's trainer assessment.

ISSB Disclosure Training
ESG Reporting with IFRS S1 and IFRS S2

WHAT YOU WILL LEARN

By completing this program, you will learn:

- Build confidence in preparing high-quality disclosures by understanding what the ISSB Standards require and how to apply them in practice.
- Learn using official IFRS Foundation-developed content, supporting a consistent and authoritative learning experience.
- Gain regional insights from GORD's reporting work in Qatar.
- Develop practical skills through an interactive, application-focused training approach.
- Follow a structured learning pathway that reduces time spent interpreting requirements independently.
- Strengthen preparedness by improving the quality and consistency of disclosures for internal governance, and engagement with auditors, assurance providers and external stakeholders.
- Receive a Certificate of Completion from the IFRS Foundation upon submitting the IFRS Foundation online survey after the training.

WHO SHOULD ATTEND

- Sustainability and ESG leads.
- CFOs and finance teams.
- Internal audit.
- Risk and governance professionals and advisers.
- No prior sustainability expertise is required.
